

The Rixeo desktop kiosk offers the definitive answer to the need for a rugged, compact, quality solution when space is at a premium.

The Rixeo Standard model provides functionality comparable to a floor standing model. It boasts features that are unique to desktop kiosks, including a standard 19" monitor. The unit's cosmetics provide a sleek and modern aesthetic – another factor that sets the Rixeo apart.

The Rixeo, is a natural choice for eConcierge and check-in/check-out services. Nearly every industry can find a common use for the Rixeo. Its many capabilities range from human resources and wayfinding, to marketing and lead generation. Many companies utilize the Rixeo to effectively showcase their products.

The Rixeo is also available in an Extended model. It's bigger than the standard model and provides a larger area to accommodate an array of peripherals such as cash and coin acceptors, scanners, printers and more.

Many clients use the Rixeo kiosk line for the following:

- In-Store Cataloguing/Product Showcases
- Surveys & Lead Generation
- eConcierge
- Ticketing
- Check-In/Check-Out
- Business Directory/Wayfinding
- Bill Payment
- Web-Based Applications
